

**Universal root principles of order such as the:**

1. Four forces of nature: gravity, electromagnetism, and the strong and weak nuclear forces.
  2. Quantum Mechanics: Observation and Participation.
  3. Inverse Square Principle.
  4. Equilibrium
  5. Coherence
  6. Entropy

## **Bridge Principle:**

# Commitment

## **Experiential Principles:**

Commitment	Vision	Balance	Accountability
<b>Intention with Action</b>	<b>Seeing IT is Creating IT</b> 	<b>Life Balance</b> 	<b>Accountability</b> <p>What did you DO? Vs. What did you CAUSE?</p> 
<b>Activity Management</b>  <b>Not Time But Activities</b>	<b>Inverse Square</b> <i>"1 Inch from the wall requires a miracle"</i>  <b>Energy in Collision Increases with the Inverse Square of the Distance</b>	<b>Expectation Acceptation</b> 	<b>Language</b> <p><i>"The Most Fundamental UNIT of COMMITMENT is LANGUAGE"</i></p> 
<b>Observation Participation</b> 	<b>Responsibility</b> <p>The Act or Condition of Being the Cause</p> 	<b>Love - Fear</b> <p>Every thought, word and action is based on</p> 	<b>Forgiveness</b> <p>Fore = Before Give = Let Go; Give up.</p> <p><i>"Let go or Give up that which went BEFORE"</i></p>
