IMPORTANT LINE OF CREDIT INFORMATION

What To Do If You Think You Find A Mistake on Your Statement: If you think there is an error on your statement, write us at: KeyBank N.A., P.O Box 93885, Cleveland, OH 44101- 4825.

In your letter, give us the following information:

- Account Information : Your name and account number.
Dollar Amount : The dollar amount of the suspected error.
Description of the Problem : If you think there is an error on your bill, describe what you believe is wrong and why you believe it was a mistake.

You must contact us within 60 days after the error appeared on your statement. You must notify us of any potential errors in writing. You may call us, but if you do we are not required to investigate any potential errors and you may have to pay the amount in question.

While we investigate whether or not there has been an error, the following are true:

- We cannot try to collect the amount in question, or report you as delinquent on that amount.
The charge in question may remain on your statement, and we may continue to charge you interest on that amount. But, if we determine that we made a mistake, you will not have to pay the amount in question or any interest or other fees related to that amount.
While you do not have to pay the amount in question, you are responsible for the remainder of your balance.
We can apply any unpaid amount against your credit limit.

Explanation of Finance Charge: Your Finance Charge attributable to interest (hereinafter referred to as interest) is computed using the Average Daily Balance method.

Average Daily Balance method (Balance Subject to Interest Rate): Your interest is computed on all purchases and cash advances (collectively "advances") from the date each advance is posted until we receive payment in full (there is no grace period). We figure the interest on your line of credit by multiplying the daily periodic rate by the "Average Daily Balance" of your line of credit (including current transactions) and multiplying by the number of days in the billing cycle. To get the Average Daily Balance we take the beginning balance of your line of credit each day, add any new advances or debits, and subtract any payments and credits, any non-financed fees and unpaid interest. This gives us the daily balance. Then we add up all of your daily balances in the billing cycle and divide this total by the number of days in the billing cycle to get your Average Daily Balance.

CREDIT INFORMATION: If you believe we have reported inaccurate information about your account to a credit reporting agency, you may contact the credit reporting agency or write to us at:

Key Credit Research Department
P.O. Box 94518
Cleveland, Ohio 44101-4518

Please include your account number, a copy of your credit report reflecting the inaccurate information, name, address, city, state, and zip code, and an explanation of why you believe the information is inaccurate.
